OBJECTIVE

Enthusiastic IT graduate and quick learner with a strong willingness to learn, adapt, and contribute in a professional environment. Eager to begin my career in the IT sector, take ownership of assigned responsibilities, and apply my technical and problem-solving skills to real-world challenges. Looking for an opportunity to grow with a dynamic organization while continuously expanding my knowledge.

EDUCATION

Bachelor of Engineering in Information Technology

Vidya Pratishthan's Kamalnayan Bajaj Institute of Engineering and Technology

CGPA: 8.42/ 10.0

2022 – 2026

Baramati, Pune

Higher Secondary Certificate (HSC) - Science

Karmaveer Bhaurao Patil Mahavidyalaya, Pandharpur

Completed 2022

Percentage: 65.83%

Secondary School Certificate (SSC)

DHK Highschool, Pandharpur

Completed 2020

Percentage: 92.60%

EXPERIENCE

Software Engineering Intern – TechSaksham CSR Program (Microsoft)

Jan 2024 – Feb 2024

Edunet Foundation

Remote

- Designed and developed a **Healthcare Assistant Chatbot** using Hugging Face Transformers and Streamlit for interactive web deployment.
- Integrated **BERT-based question-answering models** to deliver context-aware medical guidance.
- Applied **Natural Language Processing (NLP)** techniques with NLTK for tokenization, stopword removal, and text preprocessing.
- Implemented domain-specific response logic for healthcare scenarios, enhancing chatbot relevance and accuracy.
- Deployed an intuitive **web interface** enabling real-time user interaction for health queries.

PROJECTS

Lakshya – Target Detection in Hate Speech (Final Year Project)

* **Tech Stack:** Python, NLP, Machine Learning, Deep Learning, Transformers

- * Building a text classification model to detect and identify targets in hate speech using advanced NLP preprocessing and Transformer-based architectures.
- * Implementing supervised learning pipelines and fine-tuning models for improved detection accuracy.

Bank Management System (Java Project) | [GitHub Link](#)

* **Tech Stack:** Java, Swing, JDBC, MySQL

- * Developed a Java-based Bank Management and ATM Simulator System replicating real-world ATM operations.
- * Implemented core banking features such as account creation, deposit, withdrawal, mini statement generation, and PIN change.
- * Used JDBC for seamless integration with MySQL to ensure secure and persistent data storage.
- * Designed an intuitive Swing-based GUI for efficient user interaction and smooth navigation between modules.

NewsKatta – Student News Portal (React.js Web App) | [Live Demo](#)

* **Tech Stack:** React.js, REST API, LocalStorage, CSS Grid

- * Developed a real-time news aggregator dashboard fetching live data from Google News with topic-specific filtering and search functionality.
- * Implemented persistent note-taking using LocalStorage, allowing users to save insights and export them as downloadable text files.
- * Designed a responsive 3-column UI with smart image extraction and integrated WhatsApp sharing for seamless user engagement.

ACHIEVEMENTS

- **Treasure Hunt (College Level):** Secured **1st Place** and **2nd Place** in consecutive years; led a team to solve complex logic-based puzzles and navigation challenges under strict time constraints.
- **Shark Tank Idea Presentation:** Awarded **2nd Place** and **3rd Place** in consecutive years for pitching innovative business solutions; demonstrated strong presentation skills and the ability to articulate value propositions in a group setting.

TECHNICAL SKILLS

Programming Languages: Java, C++ , Python .

Web Frameworks: HTML, CSS, JavaScript .

Databases: MySQL, PostgreSQL .

Tools Platforms: Git/GitHub, VS Code, Eclipse .

Core CS Concepts: Data Structures & Algorithms (DSA), OOPs, DBMS, OS Concepts, SDLC .

CERTIFICATIONS

- **Full Stack Java** -Fuel Academy
- **Python Essentials 1 and 2** – Cisco Networking Academy
- **MySQL Essential Training** – LinkedIn Learning
- **TCS iON Career Edge** – Young Professional.
- **Citi – Technology Software Development Job Simulation** – Forage
- **AWS Foundations: Cloud Essentials** – AWS Training & Certification
- **TCS iON Career Edge** - AI Foundation.

LANGUAGES

English, Marathi, Hindi
